

## SURVEY

(Please complete and return to [mfiure@co.ocean.nj.us](mailto:mfiure@co.ocean.nj.us))

### Lavallette

1. What is the primary operating radio frequency band (VHF, UHF, UHF-T, 7/800) for your:
  - a. Police Department - VHF
  - b. Fire Department – UHF-T Ocean County system
  - c. EMS – VHF Ocean County
  
2. What is your migration plan once the 500MHz Trunked Radio System is decommissioned by Federal Regulation in 2021?

We are self dispatching and work on our own VHF system. We are not migrating. We may purchase a base station for dispatch communications to Ocean County.

3. Do you currently own or plan to purchase radios capable of operating on the County's new p25 700 MHz Trunked Radio System?

Lavallette currently has a portable in each vehicle to contact Ocean County and Toms River for interoperability. We are awaiting Toms River's decision on FCC channel migration. Once their decision is made, we will have the information we need to make a good decision.

4. Do you currently own or plan to purchase radios capable of AES Encryption?

See above. We do not currently own any equipment with AES encryption.

5. DO you have a need to have interoperable radio communication with State agencies?

No
