BRIEF SYNOPSIS OF THE INCIDENT

On August 15, 2021 at approximately 0300 hours I was on patrol in marked patrol vehicle 26 when I was involved in a traffic accident on Rt 88 involving a deer. The front of the vehicle struck the deer in the roadway, causing significant injuries to rear legs of the deer. The deer was later located in a wooded area off the roadway, lying down, unable to move. I immediately contacted my supervisor, Sgt. Demaio #194 who responded to the scene. Once on scene, we determined the deer needed to be dispatched due to the injuries. At this time, I unholstered my department issued Glock handgun and discharged a single round into the torso of the deer in a safe manner. My firearm was discharged in the wooded area where the deer was located lying down. The wooded area was directly off to the side of Rt 88, and within a civilian's property.
